**Part III REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), a method for storing and retrieving information stored on a digital print, by printing a coordinate system on a media over an image on a digital print that is not visible to the human eye under normal viewing conditions separate from the printing of the image, the coordinate system being capable of locating a specific area of the image on said digital print and printing additional data on the media that provides information with respect to the content of said image at the specific area and scanning the said digital print so as to obtain the information and associating the information with the content of the image using the coordinate system as claimed in claim 1. Similar features are claimed in claim 7. Therefore, claim 7 is allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
